Truck comes standard with all CTS, CTB, ND gels, Blackwrap, trick line, sash, triple taps, spring clips, foam core, bead board, and practical bulbs, as well as all clamps and rigging gear that are needed to complete the job. The expendable package and local miles are not billed as long as use is not excessive—it's all included in the daily rate.

Our trucks are the most complete trucks in the area with a flat, daily price point you can count on – no surprise overages at the end of your shoot.
